

Let me conclude by saying that I consider the Trade Adjustment Assistance program to be a commitment between our government and the American people. It is the only program designed to help American workers cope with the changes that occur as a result of international trade. Current legislation expires on September 30th of this year, and it is time to do something more than a simple reauthorization. I ask my colleagues to support this bill.

TITLE .IRAQ PETROLEUM IMPORT RESTRICTION ACT OF 2001

SECTION . SHORT TITLE AND FINDINGS.

(a) This Title can be cited as the "Iraq Petroleum Import Restriction Act of 2001."

(b) FINDINGS.—Congress finds that:

(1) the government of the Republic of Iraq: (A) has failed to comply with the terms of United Nations Security Council Resolution 687 regarding unconditional Iraqi acceptance of the destruction, removal, or rendering harmless, under international supervision, of all nuclear, chemical and biological weapons and all stocks of agents and all related subsystems and components and all research, development, support and manufacturing facilities, as well as all ballistic missiles with a range greater than 150 kilometers and related major parts, and repair and production facilities and has failed to allow United Nations inspectors access to sites used for the production or storage of weapons of mass destruction;

(B) routinely contravenes the terms and conditions of UNSC Resolution 661, authorizing the export of petroleum products from Iraq in exchange for food, medicine and other humanitarian products by conducting a routine and extensive program to sell such products outside of the channels established by UNSC Resolution 661 in exchange for military equipment and materials to be used in pursuit of its program to develop weapons of mass destruction in order to threaten the United States and its allies in the Persian Gulf and surrounding regions;

(C) has failed to adequately draw down upon the amounts received in the Escrow Account established by UNSC Resolution 986 to purchase food, medicine and other humanitarian products required by its citizens, resulting in massive humanitarian suffering by the Iraqi people;

(D) conducts a periodic and systematic campaign to harass and obstruct the enforcement of the United States and United Kingdom-enforced "No-Fly Zones" in effect in the Republic of Iraq; and

(E) routinely manipulates the petroleum export production volumes permitted under UNSC Resolution 661 in order to create uncertainty in global energy markets, and therefore threatens the economic security of the United States.

(2) Further imports of petroleum products from the Republic of Iraq are inconsistent with the national security and foreign policy interests of the United States and should be eliminated until such time as they are not so inconsistent.

SEC. . PROHIBITION ON IRAQI-ORIGIN PETROLEUM IMPORTS.

The direct or indirect import from Iraq of Iraqi-origin petroleum and petroleum products is prohibited, notwithstanding an authorization by the Committee established by UNSC Resolution 661 or its designee, or any other order to the contrary.
